

2. Coping with Covid - Breakfast

Laugh it off: A linguistics professor was lecturing his class one day. 'In English', he said, 'A double negative forms a positive. In some languages, though, such as Russian, a double negative is still a negative. However, there is no language wherein a double positive can form a negative.' A loud voice from the back of the room piped up, 'Yeah, right.'

Robert went to his lawyer. 'I would like to make a will, but I don't know how.' The lawyer smiled and said, 'Not a problem, leave it all to me.' Robert was somewhat upset and said, 'Well, I knew you were going to take a big portion, but I would like to leave a little to my family too!'

God's Comfort: Mary's Song, Luke 1:46-55 And Mary said: "My soul glorifies the Lord and my spirit rejoices in God my Savior, for he has been mindful of the humble state of his servant. From now on all generations will call me blessed, for the Mighty One has done great things for me - Holy is his name. His mercy extends to those who fear him, from generation to generation. He has performed mighty deeds with his arm; he has scattered those who are proud in their inmost thoughts. He has brought down rulers from their thrones but has lifted up the humble. He has filled the hungry with good things but has sent the rich away empty. He has helped his servant Israel, remembering to be merciful to Abraham and his descendants forever, just as he promised our ancestors."

Pray daily - God is easier to talk to than most people - Lord, Jesus, today is Your day. I want Your will to be done. So, whatever happens, hold my hand and let's face it together. Amen.

National Day Today (March 21): National Goof Off Day; World Water Day

Writing for Fun: Use only 100 words, write a piece of fiction that takes place in the 1940's at a Fair, during a Hurricane, and includes a palm tree. Your character is a stewardess. Have fun!

<p>Sample: Marie braced herself against the palm tree against the force of the wind. Hurricane Alice had shifted track and was heading straight for them. The gusts were stronger now. As a stewardess, she had agreed to represent United Airlines at the Florida State Fair only after reading the airline's weather forecasts. She realized she had placed too much reliance on the improvements to weather forecasting during WWII. In 1948, they were still not reliable. Just then her palm tree shuddered under a new blast and began pull out of the ground. (91 words)</p>

3. Coping with Covid - Supper

Laugh it off: An airline pilot making a landing hammered his plane into the runway really hard. In light of his bad landing, he had difficulty looking the passengers in the eye and thanking them for flying with his airline. He feared the passengers would make smart remarks. Fortunately, all were too shell shocked to say anything, except the last passenger, a little old lady with a cane. "Sonny, mind if I ask you a question?" she said. "Why no Ma'am," said the pilot, "What is it?" The little old lady said, "Did we land or were we shot down?"

They said a mask and gloves were enough when going to the grocery store. They lied... everyone else is wearing clothes!

God's Comfort: Matthew 11:28 Come to me, all who labor and are heavy laden, and I will give you rest. **Isaiah 40:29** He gives power to the faint, and to him who has no might he increases strength.
